Number porting date

I would like to port my number before the minimum contract period ends and hereby agree to make all related payments due to the current provider.

Desired porting date

(At least 5 working days after submitting the porting form)

Important information

This authorisation is considered to be termination of the current contract with your provider for the number listed. If you are porting your phone number early, i.e. before the minimum contract period ends, you must make all related payments due to your current provider.

You must cancel all other services from your current provider yourself.

Contact your current provider as necessary to ensure your existing contract is cancelled in line with your wishes.

Phone number to be ported

Phone number

Prepaid number

If you are switching from a prepaid number to a subscription, you first need to release your number. To do this, send a free SMS with the text "YES" to 499.

I would like to comply with the contract duration with my current provider (you may submit the request no more than 365 days before the contract expires).

Contract expiry date

You can request your contract period and details of the number owner from your current mobile provider free of charge using the SMS information service. Simply send an SMS with the text "Info" to 503.
