Contract Transfer Application

04 Transfer and confirmation

The current contract holder requests the transfer of the contracts specified on page 1 to the new contract holder named on that page.

The new contract holder agrees to the requested transfer. The applicable contractual terms and any costs and requirements for the transfer must be clarified with LGnet before confirmation.

The requested transfer date is a request. LGnet will separately confirm the transfer and its binding effective date. Details of outstanding invoices, device instalments or other obligations must be recorded separately if necessary.

05 Additional information / agreements

For example: devices, router, outstanding items or a different billing address
